3. To provide and maintain safe equipment and provide first aid stations on each vehicle
4. Ensure that all employees are competent to carry out their tasks and to give them adequate training
5. To ensure the use, handling, storage and transportation of tools and substances for work purposes are safe and without risks to health
6. To prevent accidents and cases of work related ill health
7. To maintain safe and healthy working conditions and provide accident record books at the head office
